MCGILL AND LOYOLA NOW TIED FOR CHAMPIONSHIP; RED AND WHITE SHUT OUT VICKERS

McGill Sextette Defeats Can. Vickers to Tune of 3-0 — Loyola Experiences Little Difficulty in Overwhelming National — "Bill" Hughes Scores First Tally for Collegians — Gallery and Ross Not Other Two Tallies — McGill Must Now Play Off With Loyola for Championship of City League — Shamrocks Managed to Nose Out Laval, 1-0.

In a somewhat ragged contest with Canadian Vickers last night, the Red and White came off victors, the score being 3-0, another shut-out for McGill. The overwhelming score piled up by the Loyola College boys in their game with Nationals creates a tie for first place, as last night's games were the final scheduled ones in the City League series. A play-off is to be arranged as early as possible, and it is imperative to have as many McGill then turn out to this contest, for Loyola will be sure to put up a stiff fight to secure the championship once more.

The game against Vickers was not a very good exhibition, although the ice was fast. The Vickers men played a decidedly rough game, and there was not a great deal of team-play on either side, although in this department the McGill boys showed a great superiority over their opponents. In the first period, the Red and White played back on the defence, contenting themselves with holding out their adversaries' rushes and wearing them down. In the second period they "cut loose," and left no doubt as to their victory. Anderson played a great game, his back-checking being most effective. Behan put up a good exhibition, as usual, although closely marked by the Vickers' men; he several times missed scoring through hard luck in front of the nets. "Bill" Hughes was in the limelight again, tallying the first goal after a beautiful rush and shot. Gallery was in fine form, and brought off one of the nicest bits of play seen for a long time when he scored after a great lone rush right through the Vickers' line-up; he was also partly responsible for McGill's other goal, working a neat combination play with Ross. The play in detail is as follows: Ryan secures at the face, and passes

passes to Zaddo. The latter loses to Anderson, whose rush is ended by a pass to Behan, who in turn passes to Gallery, who nearly scores. Behan gets the rebound, but loses to Ryan, who rushes, and is checked by Gallery. Gallery rushes and shoots wide, Zaddo relieves and misses the net. Anderson secures behind the goals, and loses to Zaddo, who rushes and passes to Parker, who shoots. Hughes relieves, rushes and passes to Behan, who almost tallies. Roche secures, and after a rush puts in a wicked shot, but Dooner is equal to the occasion. Hughes relieves and passes to Gallery, who returns the pass, and "Bill" almost gets the rubber past Seguin. Cully secures the rebound, and again Seguin makes a great stop. Lahue, relieves, rushes and shoots. Hughes secures and passes to Behan, who is checked by Zaddo, who rushes and shoots. Gallery relieves, rushes, and is checked by Zaddo. Rochon replaces Zaddo.

Behan secures and makes a rush, but loses to J. Ryan, who in turn is checked by Gallery, who rushes and shoots. Behan gets the rebound, and almost scores, but Lahue relieves, and after a rush shoots wide. Cully relieves and rushes, passing to Behan, who is checked by Rochon, who loses to Cully. Cully passes off-side to Gallery. Hughes secures from the face and loses to Rochon, who rushes and passes to Ryan, whose shot is wide. Cully relieves and rushes, passing to Gallery, who shoots. Behan once more gets the rebound and nearly scores. J. Ryan relieves and rushes, but is checked by Hughes. J. Ryan again secures and loses to Cully, who rushes and passes to Behan, the latter losing to Zaddo. Ryan relieves and rushes, being checked by Hughes, whose return rush is terminated by J. Ryan. Gallery steals the rubber, rushes, and passes to Hughes. Hughes misses the pass, but Behan picks it up and rushes, passing back to Gallery, who shoots. J. Ryan relieves, but loses to Behan, who again makes a rush and loses to Lahue. Stealing the puck back, "Ted" makes a great rush and almost scores. Lahue relieves, only to lose to Behan, who in turn is checked by Ryan, whose rush is ended by Cully. Gallery secures and comes up the ice, but loses to Parker, but the latter cannot pass Cully. "Jim" rushes, and nearly scores. Behan secures the rebound, but loses to Parker, who shoots. Hughes relieves and passes off-side to Behan.

Lahue secures from the face, and loses to Anderson, who passes to Behan, whose rush is checked by Parker. The latter passes off-side to Ryan. From the face, Hughes secures and rushes, passing to Gallery, who shoots. Lahue relieves, but Behan is right there, and checks him. Gallery secures the disc and rushes, but loses to Parker, whose rush, in turn, is ended by Hughes. The latter rushes and passes to Gallery, who shoots. J. Ryan relieves and loses to Gallery, who

rushes and passes to Behan, who is checked by Lahue. Lahue rushes, but is checked by Bill Hughes, who gets away to a grand rush and shoots. The puck sags the net for McGill's first tally, the little body of "rooters" making a great uproar.

Behan secures at the face, but is checked by J. Ryan, who, in turn, loses to Gallery. The latter loses the disc to Parker, who rushes, but cannot pass Cully, who rushes and passes to Behan, who wins clear, but slips on the ice and loses a chance to tally. Ross replaces Gallery. Parker secures and rushes, but loses to Anderson, who rushes and passes to Cully. Rochon steals the puck, rushes and shoots wide. Lahue gets the rebound and passes out to Parker, but Hughes is right on top of the latter and secures. "Bill" rushes, but loses to Rochon, who in turn, loses to Ross. The latter takes a shot, without effect. Anderson comes in for the rebound, gets the rubber, and slams it in, but Seguin once more saves. Rochon relieves and rushes, only to lose to Behan, who comes up the ice, but is checked by Zaddo. The latter loses to Anderson, who rushes and passes to Behan, who shoots. Lahue secures and rushes, but is checked by Ross, who in turn loses to Zaddo. Ross steals the puck and loses it again to Zaddo, who rushes and takes a shot. Cully relieves and rushes, putting in a hot one. Parker relieves and rushes; he shoots without effect. Hughes secures and makes a good rush just as the gong sounds for half-time, with the score still 1-0 in favour of the Red and White.

Teddy secures from the face and passes to Anderson, who shoots. Parker relieves, but is recalled for kicking the puck. Behan gets the rubber from the face, and passes to Gallery, who is checked by Zaddo, who rushes, but loses to Anderson. Andy passes to Gallery, who rushes and shoots. Roche secures and rushes, but fails to tally. Dooner saving in great style. Hughes secures and rushes, but is checked by Lahue, who in turn loses to Behan. The latter passes to Hughes, who rushes and shoots wide. Roche relieves and

rushes, but is checked by Gallery, who passes to Anderson. Andy rushes, but loses to Zaddo, who attempts a rush and shoots wide. Cully gets possession, and rushes, but is checked by Ryan, who immediately loses to Behan, the latter passing to Gallery, who loses to Lahue.

Lahue rushes, but fails to get by Hughes, who carries the rubber well into hostile territory and shoots. Behan gets possession and passes to Hughes, who almost scores. Ryan relieves and rushes, but is checked by Hughes, who in turn loses to Ryan. The latter rushes, but is recalled for kicking the puck. Zaddo secures, but loses to Gallery, who is checked by Lahue. The latter rushes and shoots wide. Cully relieves the situation and rushes, passing to Behan, who misses the pass. Roche secures and rushes, passing to Lahue, who rushes and passes to Parker. The latter loses to Hughes, who rushes and loses to Gallery. Behan rushes, but is checked by Lahue, who loses to Anderson. Andy skates down, but loses to Zaddo.

MONTREAL, FRIDAY, MARCH 1, 1918.

THE DANCE TO-NIGHT.

The dance which is to be held this evening, as the closing feature in connection with the Campus Rink, promises to be an unequalled success. The event is being well advertised, and every effort is being made by the Students' Council, under whose auspices it is being held, to make the occasion a memorable one in the history of such social functions.

It was a source of no inconsiderable satisfaction to the Students' Council to be privileged to hold this, probably the closing dance of the session. The former dances which have been held during the winter in connection with the Campus Rink have been popular, and there has been a general hope that one more at least of these functions would be arranged for.

The only thing now required to make to-night's gathering a success is a large and enthusiastic attendance.

IF I ONLY—

"If I only had my college life to live over again—"

And then the senior sighed. He was one of the most popular men on the campus, well known and well liked. He was actively identified with several McGill organizations—a typical college big man.

"First, I wouldn't try to make myself believe that my University could not do without me. I have no especial talents, and yet I have dabbled in a dozen activities. I discharged them the best I could, yet I am positive that there were a score far more capable than I was. The result was that my work took a slump and that I just 'got by.'"

"I thought that a man was judged by the number of society pins that he had on his vest. I went after them and I got them. And when I got them, I found that I didn't want them, for they represented very little or nothing."

"When I was a freshman, I literally worshipped the upperclassmen, who, as I thought of it then, amounted to something on the campus. And now that I am one of these, I look upon the freshman who tries to keep in my good graces with a feeling of pity. Pity, not for the individual, but because the individual is, too, on the road to become a big man."

"If I had my college life to live over again, I would put my studies first, the very first. If I saw that any activity in which I entered might interfere with my studies, I would drop it as though it were red hot. I would not try to become a big man, for the big man is usually the big fool."—Adapted from Michigan Daily.

DR. HANNA M.P. MED. '85 DIES VERY SUDDENLY

Found Dead in Bed Twenty Minutes After Retiring

We have to report, with deep regret, the death of Dr. A. E. Hanna, M.P. On Tuesday he returned to his home at Perth, Ont., after visiting his mother at Sorpton, and complained of not feeling well. When Mrs. Hanna went to his room at 11.30 p.m. she found him lying in bed dead. Only twenty minutes before she had heard him moving about his room, but evidently he had again retired. Dr. Hanna was a son of the late James Hanna, and was born on his father's farm near Harlem, Leeds County. He graduated in Medicine and Surgery from McGill with the class of '85, and has practised his profession in Perth since then, building up one of the largest practices in the county of Lanark.

In December, 1913, he was elected to represent South Lanark, at Ottawa and at the last Dominion election carried the amalgamated ridings of North and South Lanark by a large majority as a Unionist Conservative. He has been one of Eastern Ontario's prominent men for a number of years, and was in his fifty-sixth year. In religion he was a Methodist. His wife and two sons, Stewart, with the R. F. C. at Fort Worth, Texas, and Robert, at home, survive him. Dr. Frank Hanna, of Brantford, and Mrs. H. W. Lockwood, of Westport, Ontario, are brother and sister of the deceased. The funeral will be delayed pending the arrival of his son Stewart, from Texas.

D. SMELZER ADDRESSES HIGH SCHOOL SENIORS

McGill Athlete Talks on Athletics to High School Boys.

A joint meeting of the senior years of the Montreal High School and the Technical High School was held yesterday evening in Strathcona Hall. The men met at supper as guests of the McGill Y.M.C.A., Mr. Gamble, the leader of the Boys' Club, taking the chair.

After the meal the chairman called on D. Smelzer, President of the McGill Athletic Association, who addressed the gathering on "College Athletics." Since many of the men present are intending to enter the University next year, this information was valuable and interesting to them.

Mr. Smelzer outlined the various branches of athletics carried on at college, including track, football, gymnasium, hockey, basketball, water polo, and others. He enumerated the various letters and numerals awarded for special merit in major and minor sports, and mentioned the special trophies for track work and gymnastics.

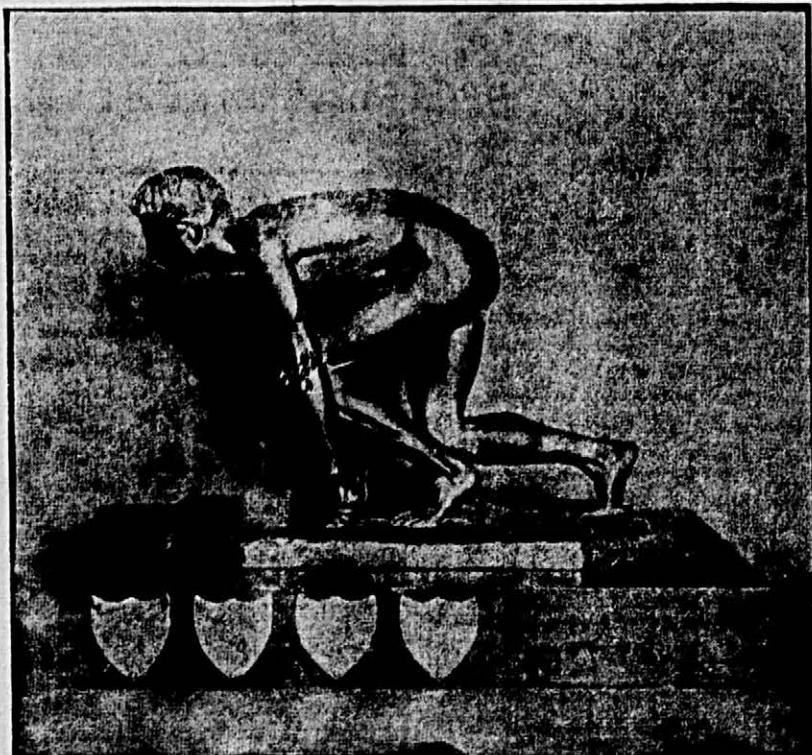

The speaker urged the prospective freshmen to appon to as much of their time as possible to athletics. By so doing, they would assist the activities of their college, and personally benefit by the physical exercise, and the exhilaration of the competitive game. Although their first duty at the University would be their studies, yet their education would be faulty without a fair amount of athletics.

The High School boys then tried the standard McGill songs, and the McGill Yell for the first time, under the leadership of "Doc" Busby.

Mr. Smelzer's address was the first of a series of four which are to be given under the auspices of the McGill Y.M.C.A. to the graduating High School classes during next month. Next Thursday evening H. Pitts will speak on "Studies." The succeeding meetings will be addressed by H. A. Melville, on "The Social Factor at College," and A. Walsh, on "The Spiritual and Religious Aspect of a College Education."

Edith: Were you taken by surprise when he proposed, dear?
Elsie: Goodness, yes! Why, I hadn't even looked up his financial standing.

THE COLLEGE WOMAN'S PLATTSBURGH.

To meet the National emergency in military and public health nursing by recruiting college women—who are especially wanted because their previous education facilitates intensive training and rapid advancement to the posts of urgent need—there has been established at Vassar College a new summer school, known as the Training Camp for Nurses. This Camp will open June 24 and continue until September 13, and will be under the auspices of the National Council of Defence and the Red Cross.

The Camp provides an opportunity for college graduates to fit themselves for active service in one of the leading and most necessary professions of to-day with a shorter period of preparation than has ever been possible heretofore. Just as Plattsburgh was the beginning of a system to train educated men for the higher positions of military life in the shortest possible time, so the Vassar Camp is the first scientific attempt to fit educated women as quickly as possible to officer the nursing profession. The Plattsburgh system, by giving men of higher education intensive theoretical training in military work has officered our army in time to meet the emergency without lowering the standards. The Vassar idea is its equivalent in the nursing profession. It is designed to overcome the shortage of nurses that now confronts the country, when 12,000 scientifically trained women are needed for every million soldiers, when our Allies are calling on America for trained women to officer their hospitals, and when the public health standards of the country are menaced by new working and living conditions and a growing scarcity of doctors and nurses in civilian practice.

Although only the R. N.—the registered trained nurse—is officially recognized as able to perform the exacting duties required, young women undergoing training will have plenty of chances for actual war work. This is the very reason why every effort is being made to obtain nurses in the shortest possible time. In addition to the opportunity for immediate patriotic service, there is the chance to enter a profession of dignity and relatively high rewards.

In the first place, the better positions of the nursing profession are the ones most in need of candidates. In the second place, even while taking the probationary course, the nurse is at no expense, and is actually engaged in practical work. In the next place, should the war soon cease, opportunities would increase rather than diminish; for the field of public health nursing, sadly short of nurses now, is steadily widening. Public health work is coming to be more and more recognized as an exceptionally interesting and dignified profession, and the only drawback to its extension at present is the shortage of well-educated women of the sort who can take responsibility, act on their own initiative, and develop the latent possibilities of their jobs.

Salaries in the nursing profession range from \$1,500 to \$5,000, with, in most cases, maintenance under pleasant conditions. Promotion, especially in these days of stress, comes rapidly, and from the very start the nurse is assured of as rapid progress as her ability justifies.

Small wonder, then, that college women who are graduates of classes between 1909 and 1918, inclusive, are manifesting great interest in the plans for the Vassar Camp, which will enable them to take advantage of their education so as to shorten the usual training course from three years to only two. The three months at the Camp will eliminate the "drudge period" of the nurses' training, doing away with much of the manual labor and elementary instruction, thus permitting the student to step right into advanced hospital work to complete her training for the "R. N." degree.

Vassar is situated on the hills above the Hudson, two hours from New York. It is on the State Road along the river, and is a convenient stop-off for automobile tours. In addition, the Hudson river boats run regular trips and special excursions from Poughkeepsie and surrounding points. Lake Mohonk and other points of scenic and historic interest are nearby.

Anyone who has ever visited Vassar College in summer carries away memories of wide stretches of green lawn, fine shade trees, flowers in profusion, lakes and every condition and facility for wholesome living and amusement. Add to these attractions buildings whose equipment and accommodations rival those of any college, and one realizes how specially Vassar is equipped as the place for this new project. The trustees have not only turned over the four large quadrangle dormitories for the Camp students, the newest hall for the Camp faculty, the laboratories, infirmary and other special buildings for instruction purposes, but they have also made every effort to insure the physical comfort of the new students. The college farm will supply

CLOSING INFORMAL DANCE TO-NIGHT AT THE UNION

What Promises to be Most Successful Function of its Kind This Season.

What promises to be the most successful Informal Dance ever held in the Union, will take place this evening when the Campus Rink closing dance will be held under the auspices of the Students' Council. At no such event for the past five years has the demand for tickets been so great, and from indications last evening it seems more than probable that the supply of tickets will not last until 1 o'clock to-day, which hour was announced as the close of the sale.

The committee in charge are greatly pleased at the support extended to the event, especially as their application to the Committee of Social Functions was based on the fact of the request of the students.

Miss Cleary will preside at the piano, and promises some of New York's latest dance music.

The Patronesses will be Miss Hurlbatt, Mrs. Adams and Mrs. E. Brown.

FORMER STUDENT WINS M.C.

News has just been received that Lieut. J. Austin Loy has been awarded the Military Cross. He was a student at McGill and enlisted as a private with the First Universities Company reinforcement to the Princess Pats.

About a year later he was transferred and won his commission. He is the only child of Mr. and Mrs. George A. Loy, of Ottawa.

SCIENCE UNDERGRADS. PLAN ANNUAL BANQUET

Popular University Men Will Take Part in Programme.

Arrangements have been completed by the Executive of the Science Undergraduate Society to hold their annual banquet at the Windsor Hotel on Tuesday evening, March 5th, at 7.30 p.m. Last year's banquet, as each student who was present on that occasion knows, was a huge success, and the Executive this year are sparing neither time nor trouble to make this year's banquet not only equal to that of last year, but, if possible, better. Under the able leadership of "Tommy" Blinmore, a splendid programme has been arranged, and the list of speakers is even better than that of previous years, including such well known and popular speakers as Dean Adams, Prof. McKay, Prof. Evans, Capt. Simpson and Dr. Sullivan. One glance at these names will assure you that there is a very pleasant evening in store. The Windsor Hotel has always been noted for the quality of the catering, and the Executive wish to assure the students that the menu this year will be on a par with those of previous years. Many students have signified their intention of attending this banquet, and the members of the Executive take this opportunity of asking each and every student to make it a point to be present if such is possible. A cordial invitation is also extended to graduates of the engineering faculty who may be in the city on that night and it is to be hoped that many of the old McGill will make their reappearance around this festive board.

Tickets can be had from the presidents of each of the years, and the students are asked, as a special favor, to purchase their tickets as soon as possible, so as to aid the committee in charge.

fresh vegetables and milk and full maid service will be continued. The grounds will be kept up, the lakes, athletic fields, tennis courts, etc., in running order and open to the Camp workers, under supervision of an experienced educational director. In addition, the undergraduates have interested themselves in the newcomers so much that they have agreed to leave their rooms entirely furnished with all the knick knacks and comforts to make the "campers" feel at home. A recreation director will be on duty, and entertainments will be given in the large theatre of the "Students' Building," and in the outdoor theatre as well.

There will be a number of scholarships allowing students to take the course entirely without expense. One alumna of Vassar for example, too old, as she says, to become a nurse, has offered to "serve by proxy," by paying the tuition and maintenance fees of some younger woman. The regular fees will amount to \$95, which will cover everything, tuition, board, lodging, and laundry—less than a woman could live on in her own home for the same period.

The course of study has been devised by the National Emergency Nursing Committee of the Council of National Defence; and the faculty already comprises the leading medical and nursing authorities of the country. The faculty and advisory board together present an array of names which no hospital or training school in America has ever been able to show.

The Dean of the Camp is Herbert E. Mills, Professor of Economics at Vassar. Dr. C. E. A. Winslow, of Yale University, will be Professor of Bacteriology and Hygiene; Miss Florence Sabin, Johns Hopkins, Anatomy and Physiology; Professor Margaret Washburn, Vassar, Psychology; Dr. Wm. H. Park, New York Department of Health, Bacteriology; Professor Helen Pope, Carnegie Institute, Dietetics.

Anyone who wishes information as to the Camp or the opportunities for nurses should write the Recruiting Committee, 106 East 52nd Street, New York City, or courses, instructors, etc., may be obtained by addressing Dean Mills, Vassar College, Poughkeepsie, N.Y.

Hughes secures and rushes, only to lose to Lahue. The latter rushes, but is checked by Anderson, who rushes and shoots. Hughes gets the rebound and loses to Parker, who rushes and shoots. Cully relieves and passes to Behan, who rushes and loses to Ryan. Ryan makes a rush, and loses to Cully, whose return rush is ended by Ryan. The latter rushes and shoots. Cully secures and passes to Hughes, who passes to Gallery, who shoots wide. Parker relieves and is checked by Gallery, whose rush is terminated by Lahue. Lahue rushes and gives Dooner a hard shot, Anderson secures and passes off-side to Behan.

Behan secures at the face and passes to Gallery, who loses to Lahue, who in turn, is checked by Behan, but secures the rubber again and shoots wide. Cully relieves and rushes, but loses to Ryan, who passes off-side to Parker. Ross secures from the face and passes to Gallery, who passes to Behan, who comes down the ice in a great rush, but misses the nets. Lahue relieves and rushes, but he, too, shoots wide. Ryan secures the rebound and comes near tallying. Hughes relieves and rushes, shooting wide. Ross gets the disc and passes out to Gallery, who is checked by Ryan. The latter passes off-side to Parker. From the face, Ryan secures and loses to Hughes, whose rush is ended by Lahue, who rushes and shoots wide once more. Ross secures and rushes, passing to Gallery. The two come down the ice for a great combination, having only Roche to pass. Gallery skates right in and passes to Ross, who shoots the puck into an open net, making the tally 3-0 for McGill.

Hughes secures from the face and rushes, being checked by Parker, who loses to Ross, who in turn is checked by Parker, who shoots. The gong sounds with the Red and White attacking their opponents' goal.

The scoring and line-ups were as follows:—
Can. Vickers. McGill.
Seguin. Goal.
Swan. Defence.

The first game of the evening, between Loyola and National, proved an easy victory for the former. The play was rough and more or less ragged throughout, but, with the exception of a few minutes in the second half, when National slammed in two, the Loyola nets were never subjected to bombardment. Mowat, for Loyola, starred, scoring five of the seven tallies himself. The line-up and way the games were scored is as follows:—

	Goal.	
Taylor	Hough
	Defence.	
Brunet	Clement
Bolselle	Lonergan

It Is Folly To Accept "Ready Made" Clothes This Spring

HAVE YOUR SPRING WARDROBE "MADE TO YOUR MEASURE"

LET us be frank about this clothes question. Deep down in your heart you have always preferred **Made-to-Measure Clothes**. No man can honestly deny that preference. It is as natural to prefer a suit that is **made to your order** as it is to prefer a meal that is cooked to your taste.

Our problem, therefore, is not to convince you that you WANT made-to-measure clothes. That argument is obvious. Our main job is to make you realize that **you can afford made-to-measure clothes**, that you can afford them as easily as you can afford a factory made substitute.

We say to you: Go to any one of our conveniently located tailor shops, and judge English & Scotch Woollen Co. **quality, style and values for your self**. See for yourself the remarkable **Made-to-Measure Clothes** we are turning out at **\$15.00**. Feel the rich texture of the spring woollens—examine the garments we have on our delivery racks, and the price is uniformly maintained at each of our eighteen great tailor shops.

NO MORE NO LESS

Made To Your Measure

OUR responsibility to you is the same as to thousands of men who come to us season after season for their clothes with the utmost confidence that they will get garments that are right. We feel a sense of moral responsibility for these men; we feel bound to see that as to quality, style and correctness of fit, their confidence in us is not misplaced, and with each suit or overcoat goes our guarantee of complete satisfaction.

SOPHOMORES DEFEATED FRESHMEN, SCORE 3-1

Arts Game Fast—Sophs. Now Play the Juniors.

The tie between Arts '20-'21 hockey teams was played off last night, and resulted in the defeat of the Freshmen to the tune of 3-1. Throughout, the game was very fast, and very good playing was shown by both teams. In the first period the Sophomores put in two goals, and in the second period one was added to both sides.

The Freshmen throughout tried to break through the Arts '20 defence but they were successfully foiled until the very end of the game, when Layton succeeded in placing the only goal of the Freshmen in the Sophs' nets. The work of Ford in the Sophs' goals was exceedingly good throughout, he having stopped many very hot shots. Dobson also saved a number of likely goals on the Freshmen side.

The line-up was as follows:

Arts '20.	Goal.	Arts '21.
Ford	Dobson	
O'Brien	Defence.	
Mackinnon	Layton	
	Potter	
	Forwards.	
Martin	Pratt	
Galley	Leavitt	
Mason	Johnson	

Messrs. Ritchie and McGibbon handled the game to the satisfaction of all. As a result of this victory the Sophs. will play Arts Juniors in the near future, to decide the championship for the Arts Faculty.

RECITATION COMPETITION OF SOCIETE FRANCAISE

Judges Experience Difficulty in Reaching Decisions.

The Recitation Competition of the Societe Francaise held yesterday afternoon was certainly one of the most enjoyable meetings this year. In opening the meeting, the president, Miss Prowse, spoke of the great kindness of Mme. Bonin, Mme. A. A. Roy and the Comtesse Della Faille, who not only acted as judges, but also presented the prizes. In this respect indeed, they were far too generous, for there were no less than six prizes given. The Fourth Year prize was won by Miss Fannie Salomon, who recited Herodas "La Cercueil." As by far the greatest number of entries came from the Third Year, it was decided at first to give this year two prizes. The judges, however, found such difficulty in reaching a decision that they finally presented three prizes in this year. Miss Gladys Banfill—Musset's "Sonnet a Victor Hugo"; Miss L. Macdonald—"Sonnet de Job"; Miss Monk—"Mon Reve Familier." The winners in First and Second Years were Miss Sharples—"Dalphore de Fontenelle"; Miss Novick—"Recueillement de Beaudelaire." Miss Marjorie Scane sang "Invocation" of Guy d'Ardenot, and "Bon-jour Suzon," and played most delightfully a selection from Chaminade while Miss Aylen's piano solo, "Brusque de Debussy," was so charming that it succeeded in the difficult task of making the competitors forget that their fate was being decided in the next room.

PRISONER TRANSFERRED.

News has been received by the McGill Daily that Lieut. J. P. McRae, of Science '12, a prisoner of war, previously at Karlsruhe, has been transferred to Landshut, Isar.
